Date: 17th August 2026

Projects Available under Private Sector Initiated Proposals
(Clause 10.22 (Noonu) Public Finance Regulation)

The project listed below is available under Private Sector Initiated Proposals.

Project Name	Design and Construction of High Secondary School with Vocational Wing
Location	Hulhumale', Phase 2
Scope & Objectives	The project objective is to design and construct a modern, safe, and sustainable educational facility that supports academic excellence, technical training, and career readiness for Grade 11–12 students and vocational learners. The design shall: • Provide high-quality learning spaces and vocational training facilities that support effective teaching and learning. • Support vocational and technical education by developing specialized workshops and training areas that allow students to gain practical, industry-relevant skills and hands-on experience. • Create a safe and inclusive learning environment that ensures accessibility, safety, security, and comfort for all students, teachers, and staff • Promote 21st-century learning by integrating information technology, digital learning resources, collaborative spaces, and innovative teaching methods into the school design. • Encourage community and industry partnerships by providing spaces that facilitate collaboration with local industries, businesses, and community organizations for training and internship opportunities. • Ensure sustainability and resource efficiency by incorporating energy-efficient systems, natural lighting, optimized ventilation, and environmentally responsible construction practices.
Application Submission Deadline	Please send completed forms and supporting documentation to procurement@moe.gov.mv on or before 22nd August 2026, 14:00 hrs (Maldives Time).
Application form	The Private Sector Initiated Proposals (PSIP) Application Form can be downloaded directly from the Downloads section of our official website.
