Date: 19th August 2026

Projects Available under Private Sector Initiated Proposals
(Clause 10.22 (Noonu) Public Finance Regulation)

The project listed below is available under Private Sector Initiated Proposals.

Project Name	DESIGN & BUILD OF MALE' VOCATIONAL HIGH SCHOOL
Location	Male'
Scope & Objectives	The project objective is to design and construct a modern, safe, and sustainable vocational educational facility that supports high-quality technical education, practical skill development, and career readiness for A-Level vocational students. The design shall: • Provide high-quality learning spaces that support effective teaching and learning. • Retained focus on safety, sustainability, and modernity while tailoring space design for hands-on, industry-aligned learning environments. • Create a safe, secure, and inclusive vocational learning environment that ensures universal accessibility, occupational safety standards, high-capacity utility compliance, and physical comfort for all students, instructors, and specialized technical staff across all workshops, labs, and support facilities. • Promote 21st-century technical and vocational education by integrating specialized industry technologies, digital simulation tools, collaborative workshop hubs, and hands-on, practical learning methodologies into the school design. • Ensure sustainability and resource efficiency by incorporating energy-efficient systems, natural lighting, optimized ventilation, and environmentally responsible construction practices.
Application Submission Details and Deadline	Please send completed forms and supporting documentation to procurement@moe.gov.mv on or before 24th August 2026, 14:00 hrs (Maldives Time).
Application form	The Private Sector Initiated Proposals (PSIP) Application Form can be downloaded directly from the Downloads section of our official website.
